PAKISTAN JOURNAL OF SCIENTIFIC AND INDUSTRIAL RESEARCH

I. CONTENTS

(a) Volume 24, 1981

Physical Sciences Section

Further studies in the fresh latex of *Euphorbia tirucalli*.
Abdul Malik, Nighat Afza and Salimuzzaman Siddiqui 1

Determination of stability constants of copper complex with *o*-carboxyphenylhydrazodiethyl-malonate spectrophotometrically.
A.M. El-Atrash, B.A. El-Shetary, M.F. El-Shahat and W.H. Mahmoud 4

The absorption spectra of some 4(3H) quinazolinones.
M. Anwar 8

Design and calibration of the H_{10}-mode absorption cell for 10-cm wavelength band and the measurement of variation of absorbed power with temperature by water column of different lengths.
Mohammed Gazim uddin 14

Spectrophotometric determination of microquantities of Nitrite.
M. Sarwar, A. Rashid and Shaheen Wasti 18

Short Communication

The fatty acids of indigenous resources for possible industrial applications. Part-VI. Investigations of the species of solanaceae family.
Muhammad Salim, Din Muhammad, Manzoor Ahmad, Muhammad Yaqoob Raie, Shafiq Ahmad Khan and Muhammad Khurshid Bhatty 21

Biological Sciences Section

Effect of irradiation and storage on the cytokinins of edible mushroom's stipe.
M. Wahid 23

Effect of *Momordica charantia* linn. (Karela) on blood glucose level of normal and alloxan-diabetic rabbits.
Muhammad Amin Athar, Mohammad Yaqub and Mohammad Shoib Akhtar 27

Influence of different agroclimatic conditions on protein and trace element contents in triticales.
Abdus Sattar, A. Shakoor, M.S. Sadiq, M.A. Chaudry and M.A. Kausar 31

Short Communication

Influence of iron on the dry matter yield and mineral content of maize plant.
S. Manzoor Alam 35

Technology Section

The recovery and evaluation of mango stone kernel fat.
M.Y. Raie, Manzoor Ahmad, S.A. Khan and M.K. Bhatty 37

Utilisation of pine needles: Part I. Extraction of pine fibres and their physical and chemical characteristics.
Mumtaz Ahmad Khan and Taufeeq Khan 41

Book Notices 47

Physical Sciences Section

Some new organic reagents for copper and iron
M.Y. Khuhawar and W.I. Stephen 49

A preliminary study of jute-pulp paper as a dielectric medium in capacitors
S.M.A. Tirmizi and M. Ashraf Chaudhry 53

Distribution studies of some metal ions in chloride media
E.A. Hassan, J.Y. Salama, M.F. El-Hadi, F.H. Kamal and A.S. Abo El-Magd 56

Determination of small amounts of silicon in steel drillings using X-ray fluorescence technique
M. Khalid and Per Jennishe 66

On equinoctial anomaly in $N_m F2$ during high solar activity
Tariq Majeed 69

Short Communications

Determination of two spiro non-steroidal oestrogen potentiating agents using high-performance liquid chromatography with electrochemical detection
T.U. Qazi and G.A. Qureshi 71

Dielectric and dipolar interaction studies of a non-polar solvent induced infra-red frequency shifts
Noor Ahmad and Nasim Rehana 72

Biological Sciences Section

The pupal and pre-pupal stages of the male Sind lac-insect
(Miss) Nur-un-Nisa Qadri and S. Mahdihassan 74

Organisms of public health significance in fish and shrimp from Karachi coastal waters – a survey
Rabia Zuberi and R.B. Qadri 77

Technology Section

Fatty acids from hydrocarbons. Part I. Oxidation of paraffin wax from National Refinery (Ltd) Karachi
M.Saleem, M. Yamin, Naeem Shakir, S.A. Khan and M.K. Bhatty 82

Comparative studies of solar dehydrators
B.A. Mahmood, W.H. Shah and F.H. Shah 85

Short Communication

Comparison of dissolution rates of different commercial aspirin tablets
Samina Ayub and S. Ayub Ali 89

Book Notices 90

Physical Sciences Section

N-Allyl and N-alkyl derivatives of mono-nor-bases of conessine series
Salimuzzaman Siddiqui and Bina S. Siddiqui 91

An estimate of total solar radiations at Karachi
Firoz Ahmad, S.A. Husain, S.M.M.R. Naqvi and M. Wasim Akhtar 95

Reaction of hydrazine hydrate with substituted hydantoins
S.R.F. Kagaruki, M.R. Khan and H. Wevers 99

The use of nucleoside and polynucleotide analogs in antiviral chemotherapy
M. Khurshid Alam Khan 101

Biological Sciences Section

Juvenile hormone activity of four phosphonium compounds in *Aedes aegypti* (L.) larvae
Saleem A. Qureshi, S. Mohiuddin and Y. Badar 105

Short Communication

Survey of phytoplankton and selection of resistant varieties around Sind area
Phool Begum Zahid and Tajwar Sultana 109

Technology Section

Effect of sodium hydroxide and aqueous ammonia on the *in vivo* digestibility of wheat straw
F.H. Shah, Zia-ur-Rehman, A.D. Khan and Tahira Firdos 111

Calculation on material balance of SSP manufacture
Muhammad Ishaque, Ishtiaq Ahmed and Nazir Ahmed Naseem 116

Utilization of rice husk ash for the production of cement – like materials in rural areas
R.A. Shah, A.H. Khan, M.A. Chaudhry and M.A. Qaiser 121

Short Communication

Physico-chemical characteristics and fatty acid composition of groundnut oil
M.Y. Raie and Manzoor Ahmed 125

Book Notices 126

Physical Sciences Section

The microenvironment and kinetics of human erythrocyte acetyl cholinesterase
S. F. Mabood 127

Synthesis of 2-pyrazolin-5-ones, 3-pyrazolin-5-ones and 3, 5-pyrazolidinedione derivatives
Mohamed Abbas Metwally and Fathy A. Amer 135

Short Communication

An anomalous behaviour of foF2 at Karachi
Tariq Majeed 138

Biological Sciences Section

Sooty mold on mango plants and its relationship with leafhoppers and climatic factors in Karachi-Pakistan during 1978-79
Mubarik Ahmed, Manzoor Ahmed, M. A. Baluch and Rukhasana Naheed 140

A simplified technique for mass culture of unicellulor algae
Phool Begum Zahid, Tajwar Sultana and Wajid Hussain 145

Short Communication

Ecological notes on a few hymenoptera associated with lac
S. Mahdihassan 148

Technology Section

Recovery of metallic copper from leach solutions. Part II
K. Hussain 151

Recycling of crop residue and animal waste as feed stuff
F. H. Shah, A. D. Khan, and Imtiaz Ahmed 157

The influence of water vapour on the converison of α-TO γ-Fe_2O_3
W. Weisweiler and Q. Iqbal 160

Chlorination of Ziarat laterite – A preliminary investigation
R. A. Shah, M. Amin and F. M. Zafar 163

Physical Sciences Section

Isolation and structure of holarricine – A new alkaloid from the seeds of
Holarrhena antidysenterica Linn
Salimuzzaman Siddiqui and Bina S. Siddiqui 167

Characteristic distribution of total direct and diffuse solar radiations at Karachi, Pakistan
Firoz Ahmad, S. A. Hussain, S.M.M.R. Naqvi and M. Wasim Akhtar 171

Characterisation of Nagar Parker clay
M. Yusaf, M. Hanif, M. Iqbal, M. A. Mian and A. R. Qureshi 175

Spectrophotometric determination of sodium azide. Part I. Indirect colorimetry
Aftab Beg Chughtai, Bushra Asghar, Shafiq Ahmad Khan and M. K. Bhatty 182

Synthesis and spectroscopic studies of 2-arylimino-4, 6-diphenylpyrans and
their isomeric 2-pyridones
Amir Sultan Afridi 185

Biological Sciences Section

Interaction of starvation and gamma radiation on the fecundity of
Tribolium castaneum (Herbst) Coleoptera: Tenebrionidae
Sana Ullah Khan Khattak and Mohammad Shafique 189

Effects of iron and manganese on the growth and nutrient contents of rice plants,
grown under flooded and unflooded conditions
S.M. Alam 192

Technology Section

Turpentine oil-based chemicals. Part III. Polymerisation of 3-carene
and α-pinene
A. Sattar, M. Javaid Iqbal, K.M. Janjua, S. A. Khan and M. K. Bhatty 195

Improvement in the digestibility of rice straw by alkali treatment
F. H. Shah, Zia-ur-Rehman, A. Majid and A. D. Khan 199

Effect of chemical treatments on the stability of dehydrated carrot
A. K. Baloch, K. A. Buckle and R. A. Edwards 203

Book Notices 212

CONTENTS *(Continued)*

(b) Volume 25, 1982

Physical Sciences Section

Bioequivalence studies of five different brands of erythromycin tablets
Tasneem Ahmad, Shaista Hamid and Ghazala Parveen 1

Reaction products from nitrous acid deamination of L (+) alanine methyl ester hydrochloride in acetic acid.
Z. A. Malik 5

Studies on the autolytic spoilage of tropical shrimp *(Peneaus merguiensis)*
Nikhat Shaukat, Masarrat Riaz and R. B. Qadri 9

Extraction of lead (II) by trilaurylammonium bromide
M. A. Lodhi 14

Effect of incubation on sodium-bicarbonate soluble phosphorus in soils under different moisture and phosphorus fertility conditions
M. I. Ali, M. M. Rahman, M. S. Hoque and Z. H. Bhuiya 17

A model for gold interface states in golddoped silicon/silicon-dioxide structure
G. R. Moghal 21

Kinetic studies and prediction of shelf lives of commercial tablets of ascorbic acid under different conditions
Nasima Jamil 24

Short Communication

Effects of industrial waste effluents on the seedling growth of some common plant species
M. Zafar Iqbal and S. A. Qadri 27

Biological Sciences Section

Effect of spores-δ-endotoxin of *Bacillus thuringiensis* on the development of corn earworm, *Heliothic armigera* (Hubn)
Feeroza Khalique, Khalique Ahmed, A. Farid Khan, M. Rafi Sheikh and Dilnawaz Sheikh 28

Incidence of typhlocybine leafhoppers on vegetable and fruit plants in Baluchistan (Pakistan) 1979.
Manzoor Ahmed 31

Technology Section

Characteristics of Lagarban phosphate rock for the manufacture of phosphoric acid by dihydrated process
Muhammad Ishaque and Ishtiaq Ahmed 34

The determination of diffusion co-efficient of certain liquids in air.
Morteza Sohrabi and Tahereh Kaghazchi 42

Dry magnetic separation of magnesite from fine fraction of santiye magnesite rejects
Syed Abid Hussain 45

Electrodeposition of metals of agitated bed particle electrodes
M. Silitonga. 49

Coal Preparation in China
Ling Pei Hung 53

Physical Sciences Section

Mustard seed meal in Layer's feed
F.H. Shah, Zia-ur-Rehman and Akhlaq Ahmed Malik 55

Mica from Mego Katz, Loi Shilman,
Khyber agency, N.W.F.P.
M.A. Qaiser, M. Alauddin, M.A. Chaudhry and A.H. Khan 59

Field evaluation of acaricides for their effectiveness against white mite, *Schizotetranychus*[4] spp. on sugarcane
Muhammad Akram and Mushtaq Ahmad 61

Short Communications

Physico-chemical characteristics and free fatty acid contents of olive fruits stored under different conditions
M.Y. Raie and M. Latif Iqbal 64

A study of the alkaloidal content of *Datura metel* L. (Solanaceae) grown in Pakistan
Fatima Bi, Z. Kapadia, Wadood Qureshi and Yasmeen Bader 66

Biological Sciences Section

Evaluation of short stature mutants of Basmati-370 for yield and grain quality characteristics
M.A. Awan, Maqbool Ahmad and Akbar Ali Cheema

Susceptibility of 5th instar *Diacrisia obliqua* Wlk. larvae to organophosphorus insecticides
Talib Hussain and M. Saeed 71

Action of a juvenile hormone analogue, stauffer R-20458, insect growth regulator, on the morphogenesis and adult eclosion of the laboratory reared house fly, *Musca domestica* (L.)
Shams Mohiuddin and S.A. Qureshi 74

Induced variability for heading date, plant height and tiller number in triticale
Mushtaque Ahmed Rajput 77

Technological Sciences Section

A fine grain mutant of an indica rice variety IR-6
Akbar Ali Cheema, M.A. Awan and Maqbool Ahmad 80

Experimental study concerning energetic interaction of gas bubble with liquid metal solidifying in sand mould
Pervaiz Habibullah 83

Some investigations concerning the mechanism of swelling in brass, cast in SiO_2 based moulding sand
Pervaiz Habibullah 88

Book Notices 93

Physical Sciences Section

The Raman studies of trihydrogen hexacyanocobaltate (III) $H_3Co(CN)_6$
S.U. Qureshi, B.M. Chadwick and D.A. Long 95

Grain and protein yield correlation in wheat as influenced by crop cultivar and nitrogen fertilizer
Iqtidar Ahmad, Mohammad Yousaf and Sher Akbar 99

Some reaction on 3 [2′-(4′H, 3′,1′)benzoxasin-4′- only] coumarins and 3(2′- quinazol - 4′ - only) coumarins
M.A. El-Hashash, A.M. Kaddah, M.El-Kady and M.M. Ammer 104

An application of potassium permanganate as an oxidant for the determination of nitrogen in agricultural and animal products
M. Akhtar Siddiqui, Shafiq A. Khan. and M.K. Bhatty 109

Physico-chemical characterization of *Lawsonia alba* oil of the family Myrtaceae
M.Yaqub Raie, S.Iqbal and Shafiq A. Khan 112

Biological Sciences Section

Root-knot nematodes associated with banana in Pakistan
M.Saeed, H.A. Khan, V.A. Saeed and F. Qamar 114

Effect of different levels of iron manganese and phosphorus on the yield and nutrient content of rice
S.M. Alam 118

Short Communication

Leafhopper infestation of vegetable and fruit plants in Sind-Pakistan during 1979-80
Manzoor Ahmed and Rukhsana Naheed 124

Technology Section

Biosynthesis of glucose isomerase by locally isolated *Streptomyces albus* in shake flasks
Owais Younas, M.I.D. Chughtai and M.A. Qadeer 126

Microbial synthesis of Xanthan gum by locally isolated *Xanthomonas cucurbitae*
Shahjahan Baig, M.A. Qadeer and S.R.A. Shamsi 134

Inhibition of bulk polymerization of vinyl acetate in the presence of castor oil prepolymer (COP)
A.H.K. Yusufzai and A. Rasheed Khan 139

The thermal degradation of copolymers of vinyl acetate and vinyl alcohol
Mohammad Feroze Bakht 141

Physical Sciences Section

Studies in harmine series of alkaloids
Part I. Derivatives of tetrahydroharmine
Salimuzzaman Siddiqui, Sabira Begum and Bina S. Siddiqui. 147

Some reactions of 3-cyano-4-p-chlorophenyl-6-[1′-(2′-methoxy naphthalenyl)] -2-thiopyridone and 2-methyl-(6)-2′-[α(B-methoxy napthalenyl)- 4′-p-chlorophenyl-3′,4′-dihydrophyridyl] azachromone
A. Eassawy and A.Z. M. Heikal . 153

Synthesis of anisic acid and anisole-sulfonylamino acid derivatives
A.M. El-Naggar and M.M. Gaffar. 157

Ion-exchange equilibria of Ca (II), Mg (II), Co (II), Ni (II) Cu (II) and Co (II), Ni (II)/Cu (II) exchange on lewatites-100 cation-exchange
E.A. Hassan, J.Y. Salama, M.F. El-Hadi, F.H. Kemal, N.B. Burhan and A.S. Abo-El-Magd 162

Chromatography on deae-cellulose and electrophoresis in polyacrylamide gel of protein fractions from Lentils seeds
Saeedul Hasan Siddiqi 167

Arrhenius parameters and transition state theory functions for the recemisation of 8,8'-Bis(propoxymethyl)-1,1' binaphthyl
Fatima Bi and Yasmeen Badar 170

Preliminary studies on hypolycemic activity of *Anticharia glandulosa*
L.M. Khatri, S.M. Mahar and M.A. Kazi 173

Biological Sciences Section

Changes in the electrophoretic patterns of water soluble proteins of fish and Shrimp during storage
Zahida N. Umar and R.B. Qadri 176

Effect of endotoxin of *Bacillus thuringiensis* on fecundity and longevity of adult bollworm, *Heliothis armigeria* (Hubn)
Heeroza Khalique, Khalique Ahmed, A. Farid Khan, M. Rafi Shaikh and Dilnawaz Shaikh 180

Micronutrient concentrations in corn and a comparison of the various extractions for soil Zn and Cu
M. Tahir, A. Rashid and A. Saeed Bhatti 184

Technology Section

Heat exchange processes at the water surface in the eastern Irish sea
Fazal Ahmad 192

Release of salicylic acid from ointment and cream bases
Nasima Jamil, Iqbal Ahmad and Suraiya Nusrat 198

Physical Sciences Section

Isolation and structure of holacine a new alkaloid from the bark of *Holarrhena antidysenterica* linn
Salimuzzaman Siddiqui and Bina S. Siddiqui 201

Volumetric determination of sulphite with N-bromosuccinimide using bordeaux red as indicator
M. Sarwar, A. Rashid, Tariq Mahmud and M. Azam 204

Extraction-spectrophotometric determination of Co (II) in the presence of Fe (III)
Kamin Khan, M. Amin and M.A. Khattak 207

Effect of graded level of insulin on blood sugar and lipid distribution in a hibernating lizard
I. Ahmed, H. Afroz and S.S. Ali 210

Criterion for the formation of a thermocline in the eastern Irish sea
Fazal Ahmad 216

Identification and estimation of gold (Au^{19}) present in a format by neutron activation and gamma ray spectroscopy
M. Yar Khan 225

Chelating behaviour of substituted 3-arylhydrazc pentane-2, 4-dione Part V. Physico-chemical studies of copper complexes with *o*-,*m*-,*p*- and 4-Me-*o*-sulphonic benzene-hydrazo pentane-2, 4-dione.
G.A. El Inany, Atef A. Taha and B. El Shetary 229

Biological Sciences Section

Effect of a juvenile hormone analogue on the desert locust, *Schistocerca gregaria* (forskal)
S.A. Qureshi, S. Mohiuddin and S.S. Wasti 234

Mating behaviour and oviposition of *Diacrisia obliqua* Wlk. (Lepidoptera: Arctiidae)
Talib Hussain 238

Influence of (2-chloroethyl)-trimethyl ammonium chloride (CCC) on the growth and development of wheat
Khalil Ahmad Khan and Miss Atiqa Khatoon Wasti 239

Technology Section

Symbiotic biodegradation of crop residues. Part I. Biodegradation of wheat and rice straw
F.H. Shah, A. Majid and Zia-ur-Rehman 242

Chemical examination of cuticle wax of orange and kinnow fruits. Part I. Analysis of the saponifiable fraction
Abdul Sattar, Shahid Mahmud, Shafiq A. Khan and Muhammad Khurshid Bhatty 246

* * * * *

II. SUBJECT INDEX

Absorption cell for dielectric properties of pure liquid water 24:14
Aedes aegypti larvae, juvenile hormone activity of phosphonium compounds in 24:105
Algae, unicellular mass culture of 24:145
Aliphatic amines reaction with nitrous acid 25:5
Alkaloids
–*Of Datura metel L* 25:66
–From seeds of *Holarrhena antidysenterica* Linn 24:167
–Holacine derivation from bark of *Holarrhena antidysenterica* Linn 25:201
–Tetrahydroharmine derivatives *25*:147
Amino-ethaneimines preparation for reaction with copper and iron 24:49
Animal waste and crop residue recycling as feed stuff 24:157
Anisic acid and anisole-sulfonylamino acid derivatives, synthesis of 25:157
Anticharis glandulosa, hypoglycemic activity of 25:173
Aspirin tablets dissolution rates 24:89
Azachromone and thiopyridone reactions 25:153
Banana, root-knot nematodes of 25:114
Benzenehydrazopentane, sulphonic derivatives and Cu-complexes of 25:229
Binaphthyl, Arrhenius parameters and transition state theory for 25:170
Building materials: rice husk ash cement utilization 24:121
Capacitors, jute pulp paper as dielectric medium in 24:53
Carene and pinene polymerisation 24:195
Carrot, dehydrated/chemical treatment effect on 24:203
Caster oil prepolymer (COP) inhibiting vinyl acetate polymerization 25:139
Cement, rice husk ash/utilization 24:121
Co (II) extraction and spectrophotometric determination with Fe 25:207
Conessine series, allyl and alkyl derivatives of bases of 25:91
Copper complex with *o*-carboxyphenyl-hydrazodiethyl malonate 24:4
Copper reagents, new/preparation 24:49
Copper recovery from leach solutions 24:151
Corn, micronutrient concentrations in 25:184
Coumarins, some reactions on 25:104
Crop residue recycling as feed stuff 24:157
Cu-Zn alloy, mechanism of swelling in 25:88
Cytokinins of mushroom 's stipe, irradiation effect on 24:23
Datura alba seeds, oil from 24:21
Datura metel L, alkaloids of 25:66
Dehydrated carrot, chemical treatment effect on 24:203
Diabetes mellitus
–Management through *Momordica charantia* 24:27
–Use of *Anticharis glandulosa* in 25:173
Dielectric medium in capacitors, jute-pulp paper as 24:53
Diffusion coefficients of liquids with low vapour pressure and high molecular weight 24:42
Eastern Irish Sea
–Heat exchange at the surface of 25:192
–Thermocline formation in 25:216
Environmental pollution
–Industrial effluent effect on plants 25:27
Enzymes
Erythrocyte acetylcholinesterase, microenvironments and kinetics of 24:127
Equinoctial anomaly in Nm F2 during high sunspot years 24:69
Euphorbia tirucalli, sterol from 24:1
Fat from mango kernel 24:37
Fatty acids from hydrocarbons 24:82
Feed stuff, crop residue and animal waste recycling as 24:157
Fertilizers
–SSP manufacture, material balance of 24:116
–And wheat cultivar relation to protein and grain yield 25:99
Fish
–Electrophoretic patterns of water soluble proteins of 25:176
–Microbes of public health significance in 24:77
foF2, postnoon bite-out in 24:138

Fruits
—Banana, root-knot nematodes of 25:114
—Leaf-hopper infestations of plants 25:124
—Oils of olive fruits 25:64
—Oils from peels of orange and kinnow 25:246
Gold
—Identification and estimation in microquantities 25:225
—States at Si/Si-dioxide interface, model for 25:21
Heat exchange at surface of Eastern Irish Sea 25:192
Hematite alpha to gamma conversion, water vapour effect on 24:160
Hexacyanocobaltate (III) ion, Raman spectra of 25:95
Holarrhena antidysenterica
—Alkaloid from seeds of 24:167
—Alkaloid isolation from bark of 25:201
Hormones activity in phosphonium compounds of *Aedes aegypti* 24:105
Hydrazine hydrate reaction with substituted hydantoins 24:99
Hydrocarbons, fatty acids from 24:82
Hypoglycemic activity of *Anticharis glandulosa* 25:173

Industrial effluent effect on plant 25:27
Infra-red frequency shifts through non-polar solvent, studies of 24:72
Insulin effect on blood sugar and lipid distribution 25:210
Ion exchange equilibria between metals and H 25:162
Iron reagents, new/preparation 24:49
Lac, hymenoptera associated with 24:148
Lac insect, pupal and pre-pupal stages of 24:74
Lawsonia alba oil 25:112
Lead extraction by trilaurylammonium bromide 25:14
Lentil seeds, chromatography of protein fractions of 25:167
Liquid water, absorption cell for dielectric properties of 24:14
Maize plant, iron influence on 24:35
Mango kernel fat processing 24:37
Metal ions
—Distribution in chloride media 24:56
—Exchange coefficient with H-ion 25:162
Microbiology of fish and shrimps 24:77
Micronutrients
—Concentrations in corn 25:184
—Effect on rice yield and nutrient content 25:118
—Iron and manganese effect on rice plants 24:192
—Phosphorus in soil, incubation effect on 25:17

Minerals
—Clay of Nagar Parker 24:175
—Coal preparation in China 25:53
—Magnesite separation from fine fraction of santiye rejects 25:45
—Metal's electrodeposition 25:49
—Mica from Mego Katz 25:59
—Phosphate rock for the manufacture of phosphoric acid 25:35
—Ziarat laterite, chlorination of 24:163
Musca domestica, juvenile hormone action on 25:74
Mushroom's stipe, irradiation effect on cytokinins of 24:23
Mustard seed meal in layer's feed 25:55
Momordica charantia effect on Diabeties mellitus 24:27
N-determination using $KMnO_4$ 25:109
Nicotiana tabacum seeds, oil from 24:21
Nitrite determination by spectrophotometry 24:18
Oestrogen potentiating agents, spiro non- steroidal/ determination 24:71
Oil
—Characteristics of olive oils 25:64
—Fatty acid composition of ground-nut oil 24:125
—of *Lawsonia alba* 25:112
—From orange and kinnow fruits 25:246
—From solanaceae family 24:21
Paper, jute-pulp/as dielectric medium in capacitors 24:53
Paraffin wax oxidation for fatty acid preparation 24:82
Pesticides
—Acaricides evaluation against *Schizoterranychus* spp on sugar cane 25:61
—*B. thuringiensis* effect on *Heliothica armigera* 25:28,180
—*Diacrisia obliqua* larval susceptibility to organo-phosphorus insecticides 25:71
—Juvenile hormone analogue effect on *Schistocerca gregaria* 25:234
Peneaus merguiensis, autolytic spoilage of 25:9

Pharmaceuticals
—Alkaloids of *Datura metel* 25:66
—Ascorbic acid tablets, shelf life of 25:24
—Aspirin tablet's dissolution rates 24:89
—Conessine series, allyl and alkyl derivatives of bases of 24:91
—Coumarins, some reactions on 25:104
—Erythromycin tablets, bioequivalence studies of 25:1

–Glucose isomerase biosynthesis by *Strep.albus* 25:126
–Holacine (alkaloid) derivation from *Holarrhena antidysenterica* bark 25:201
–N-Nucleoside and polynucleotides against virsus 24:101
–Salicylic acid release from ointment and cream bases 25:198
–Tetrahydroharmine derivatives 25:147
Phenylpyrans synthesis 24:185
Phosphate rock for manufacture of phosphoric acid 25:35
Phosphoric acid from phosphate rock 25:35
Phytoplankton survey and selection 24:109
Pine fibres, characteristics 24:41
Plants, industrial effluent effect on 25:27
Plant pests
–Acaricides' evaluation against *Schizotetranychus* species 25:61
–*B.thuringiensis* endotoxin effect on bollworm 25:180
–*Diacrisia obliqua* larval susceptibility to organophosphorus insecticides 25:71
–*Diacrisia obliqua*, mating behaviour and oviposition of 25:238
–*Heliothic armigera*, effect of endotoxin of *B. thuringiensis* 25:28
–Leaf-hopper infestation of vegetable and fruit plants 25:124
–Root-knot nematodes of banana 25:114
–*Schistocerca gregaria*, juvenile hormone effect on 25:234
–Sooty mold on mango plants 24:140
–Typhlocybine leaf-hopper incidence on fruit plants 25:31
Poultry
Layers' feed, mustard seed meal in 25:55
Potassium permanganate for N-determination in agricultural and animal produts 25:109
Protein and grain yield related to wheat cultivar and N-fertilizer 25:99
Proteins, water soluble, Electrophoretic patterns in fish and shrimp 25:176
Pyrazolone and its derivatives, synthesis of 24:135
4(3H) Quinazolinones' absorption spectra 24:8
Raman spectra of trihydrogen hexacyanocobaltate 25:95
Rice
–Biodegradation of straw of 25:242
–Digestibility by alkali treatment of straw of 24:199
–Iron and manganese effect on plants 24:192
–Micronutrient effect on yield and nutrient content of 25:118
–Mutant of cultivars of 25:80
–Yield and grain of Basmati-370 25:67
Salicylic acid release from ointment and cream bases 25:198
Sand mould, gas bubble action with liquid metal in 25:83
Shrimps
–Autolytic spoilage of 25:9
–Electrophoretic pattern of water soluble protein of 25:176
–Microbes of public health significance in 24:77
Silicon determination in steel drillings 24:66
SiO_2 based sand mould
–Gas formation in 25:83
–Swelling in brass in 24:88
Sodium azide, spectrophotometric determination of 25:182
Soil, incubation effect on P of 25:17
Solanaceae family, oil from 24:21
Solar activity, high/equinoctial anomaly in F2-layer 24:69
Solar dehydrators, comparative study of 24:85
Solar radiations at Karachi 24:95
Solar radiations distribution at Karachi 24:171
Solanum esculantum seeds, oil from 24:21
Solanum xanthocarpum seeds, oil from 24:21
Space and Atmosphere:
Post-noon bite-out in foF_2 24:138
Spectrophotometric determination of nitrite 24:18
Spiro non-steroidal oestrogen potentiating agents determination 24:71
Steel drillings, silicon determination in 24:66
Streptomyces albus, glucose isomerase biosynthesis by 25:126
Sterol from *Euphorbia tirucalli* 24:1
Sulphite, volumetric determination of 25:204
Swelling in brass cast in 25:88
Thermocline formation in the Eastern Irish Sea 25:216
Thiopyridone and azachromone reactions 25:153
Tribolium castaneun, starvation and gamma radiation interaction on the 24:189

Triticals
–Agroclimatic conditions effects on nutritive value of **24**:31
–Induced variability in growth of **25**:77
Turpentine oil-based chemicals: carene and pinene **24**:195

Vinyl acetate polymerization inhibition by castor oil prepolymer **25**:139
Vinyl acetate and vinyl alcohol copolymers, thermal degradation of **25**:141
Viruses, nucleosides and polynucleotides against 24:101

Wheat
–CCC effect on growth of **25**:239
–Cultivar and N-fertilizer relation to protein and grain yield **25**:99
–Straw, biodegradation of **25**:242
–Straw digestibility, NaOH and NH_3 effect on **24**:111
Xanthomonas cucurbitae, xanthan gum biosynthesis by **25**:134
Xanthan gum biosynthesis by *Xanthomonas cucurbitae* **25**:134
X-ray fluorescence, silicon determination in steel drillings by 24:67
